RE: (8)RIN-0293-87

Dear Mr. Brough:

This letter is in response to your request for information under the Freedom of Information Act on the Richardson Flat Tailings and the Silver Maple Claims sites near Park City, Utah. Based upon your letter and your phone conversation with Paula Schmittziel of my staff on Wednesday morning, August 12, enclosed are copies of the documents (listed on a separate sheet) which we believe comply with the intent of your request.

As Ms. Schmittziel explained in the phone conversation with you on Wednesday morning, the HRS package on Richardson Flat is not a releasable document at this time, since the site is under consideration for nomination to the National Priority List (NPL). She also explained that the Analytical Results Report for the Air Sampling at Richardson Flat Tailings is not yet final, although it is expected to be finalized very shortly (within two weeks). At that time a copy will be sent to you.

If you have questions regarding the enclosed documents, please contact Paula Schmittziel at (303) 293-1518.

Sincerely,

James J. Scherer
Regional Administrator
